Task Organization:

South Carolina Highway Patrol

1. SITUATION:

a. General

The Harley Davidson Myrtle Beach Bike Rally is an annual event sponsored by the Carolina Harley Davidson Dealer's Association. In addition to planned events, large numbers of commercial vendors establish temporary businesses on private property areas throughout the Grand Strand. As a result, maximum vehicle capacity volume, ingress and egress of vehicle traffic, and heavy pedestrian traffic will create continuous traffic congestion. **The 2017 Harley Davidson Bike Rally is scheduled for May 12, 2016 through May 21, 2017.**

- b. Public safety hazards created by congestion and above maximum volume traffic, the integration of motorcycles, automobiles (passenger, recreational and commercial vehicles) and pedestrians in a festive atmosphere will exist. Slow moving and/or stalled traffic, and violations committed by motorcycle riders (and automobiles) have the potential for creating unsafe conditions at any time. Violations typically committed:

c.

1. Improper Passing (particularly between lanes of traffic)
2. Improper Parking/Standing
3. Improper Starting
4. Improper/Unlawful Lane Changes
5. Turning Improperly/Unlawfully (including illegal u-turns)
6. Disregarding Signs and/or Signals
7. Following Too Closely
8. Failure To Yield Right of Way
9. Racing
10. Speeding
11. Equipment Violations
12. Pedestrian Violations
13. Driving Under the Influence

2. MISSION:

To enhance traffic and public safety by deploying sufficient traffic enforcement, crowd control and traffic control measures in affected areas. To detect traffic and criminal law violations and take immediate/appropriate enforcement action, as well as to facilitate the safe and orderly movement of pedestrian traffic. To enhance the efficient movement of motor vehicles through the dissemination of public information, by utilizing highway advisory radios, electronic variable message boards and local media.

3. EXECUTION:

a. Commander's Intent.

To deploy traffic enforcement, crowd control and traffic control units to effected roadways and areas. Ensure unobstructed traffic along roadways. Ensure safe and orderly movement of pedestrian traffic. Direct immediate and appropriate enforcement and\or crowd control measures when necessary to enhance public safety.

b. Concept of Operations.

SCDPS public safety efforts for this event will be concentrated in four areas.

1. Traffic Control/Traffic Control Points (Appendix A)
2. Traffic/Special Enforcement (Appendix B)
3. Public Information (Appendix C)
4. **Crowd Control**

c. Coordinating Instructions.

1. Horry/Georgetown County SCHP or Horry County Sheriff's Department will be responsible for prisoner transports.
2. Patrol Troop Lieutenants will respond to any DPS vehicle crash or other emergency.
3. No assignments will be modified and/or disregarded without prior approval of Patrol Troop Five Commander or event OIC (Lieutenant G. M. Caulder).
4. Body armor will be worn at all times on post/assignment (outer carrier optional) Reflective Vests to be utilized at all times while in roadway.

4. SERVICE AND SUPPORT:

- a. Assigned units will be housed at Hampton Inn and Suites Ocean Front (Appendix D)
- b. Patrol Troop Five will provide spare vehicle(s) as needed.
- c. Vehicle repairs will be made in accordance with existing policy. Post D (Horry County) SCHP supervisors will assist where needed.

1. SITUATION.**a. General**

The Memorial Week Bike Fest is an annual event centered in (and around) the town of Atlantic Beach. Along with the planned events, a significant number of vendors establish temporary businesses on private property inside the town limits. Because of the Town's relatively small size (4 square blocks), the large numbers of motorcycles, recreational vehicles and pedestrians create extreme congestion within the town limits. Additionally, the movement of bikers to planned activities, ingress and egress from vendor areas, and cruising contribute to severe traffic congestion in the Grand Strand, particularly the areas of US 17 business and by-pass, from Myrtle Beach to North Myrtle Beach. **This year's event is scheduled for May 25 through 29, 2017.**

b. Assumptions.

Public safety hazards created by severe traffic congestion, stopped and/or stalled traffic and large numbers of pedestrians crossing and walking in close proximity to roadways will exist through the event. The movement of motorcycle (riders) in and around stalled traffic has the potential for creating unsafe conditions at any given time during the event. Other violations typically committed by motorcycle riders include:

1. Improper Passing (particularly between lanes of traffic)

2. Improper Parking
3. Turning Unlawfully (including illegal U-turns)
4. Disregarding Signs or Signals
5. Failure to Yield Right of Way
6. Speeding
7. Racing
8. Walking Violations
9. Reckless Driving
10. Driving Under the Influence

2. MISSION

The mission of the Department of Public Safety is to enhance public safety by deploying sufficient traffic enforcement, crowd control and traffic management/control measures through (and in the vicinity of) Atlantic Beach, North Myrtle Beach and Myrtle Beach. Facilitate the safe and orderly movement of pedestrian traffic. To assist the efficient movement of motor vehicles and reduce congestion by disseminating public information through the use of highway advisory radio, electronic variable message boards and local media.

3. EXECUTION

a. *Commander's Intent*

To deploy traffic enforcement, crowd control and traffic control units and systems to affected areas; to ensure roadways remain free of obstructions; to ensure safe and orderly movement of pedestrian traffic; to enhance public safety in areas of large crowd gatherings; to direct immediate and appropriate enforcement and/or crowd control measures when necessary for public safety.

b. *Concept of Operations*

SCDPS efforts for this event will be concentrated in four functional areas.

1. Traffic/Crowd Control (see appendix A).
2. Special Enforcement (see appendix B)
3. Public Information (see appendix C)

c. *Coordinating Instructions*

1. Body armor is mandatory for all personnel (inner wear or outer garment is optional)
2. Supervisors will conduct shift change briefings at the beginning/end of each tour of duty.
3. Post D (Horry County) SCHP units will be responsible for ACE motor unit prisoner transports.
4. Patrol Troop Five Lieutenant will respond to any DPS vehicle crash or other emergency.
5. Troop 5 leadership will provide administrative support/information as needed.

4. SERVICE AND SUPPORT.

- a. Patrol Troop 5 will provide (temporary) spare vehicle(s) if needed.
- b. Vehicle repairs (if necessary) will be made in accordance with existing policy.

5. COMMAND AND COMMUNICATION.a. *Command.*
